ENGINEERING

SUPPORT, SERVICE AND SATISFACTION

INDIA'S LEADING  
BELLOW COVER MANUFACTURERS

**LASER MACHINE BELLOWS**

# ABOUT US

One of the topmost Manufacturing, Wholesaling, Importing and Exporting of the best grade of Industrial Bellows, Drag Chains, Apron Covers, Bellow Covers, Telescopic Covers, and much more. A knight team of professionals who are experienced and expert in their respective domains working in a single direction to provide support, service and satisfy every valuable customer. We manufacture, export and supply industrial Bellow covers. Our team is equipped with the skills of Cad-Cam manufacturing & Testing facilities, which are required to produce in covers in mass quantity for OEM & customize covers for new & replacement purpose.

SINCE  
2011

PRODUCTION CAPACITY  
50-100 per day

NO OF PROJECTS COMPLETED  
5500+

NO. OF CLIENTS SERVED  
5000+

## SERVICES

BELLOW COVER

TELESCOPIC COVER

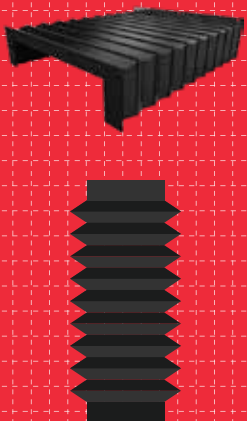

APRON COVERS

ROLLWAY COVERS

WAY WIPERS

CABLE DRAG CHAIN

## BELLOW COVER

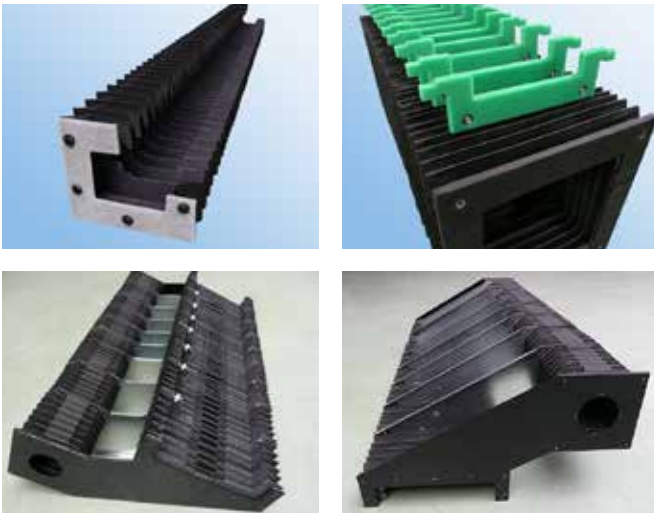

Bellow are used on all kinds of machines to provide Protection for guideways and spindles, in those cases where no Telescopic covers can be fitted due to space constraints Materials.

# INTRODUCTION

We offer laser cutting machine bellows made specifically for casemachine . Designed and manufactured, our laser bellows are made with heat resistant , flame retardant materials and are able to withstand high operating temperatures while providing years of service. In addition, tight fitting laser bellows keep unwanted particles out of the laser beam and protect machine rails, racks and bearings, to keep your laser machine running smoothly.

We offer:

## Guide Rail Bellows

## Beam Guidance Bellows

## Guide Rail Bellows

- Production of covers for linear guide rails, sometimes no bigger than the side of a matchbox.
- Precision automated manufacture to the highest standards of quality and cost-effectiveness.
- Proven designs are available for other extreme requirements.
- Development of new solutions.

## Beam Guidance Bellows

- Maximum service life thanks to high-quality plastics
- Perfect protection of the sensitive beam guidance against dust and dirt due to perfectly sealed original bellows
- Additional protective function due to round shape plastic of the disk bellows
- Complete laser power and maximum productivity thanks to reliable beam guidance
- Screening of the laser beam in machines that use laser cutting technology
- Machine attains maximum performance at full speed
- Flame-retardant fabric prevents fire damage
- Gas-tight bellows material prevents environmental pollution
- Long service life
